

# MEGANITE BENEFITS

## HYGIENIC & NONPOROUS

Does not support growth of mold, mildew or bacteria and is stain resistant. Meganite is safe for food preparation and is certified by NSF. Suitable for spaces where hygiene is essential.

## INCONSPICUOUS SEAM

Seamless surface joints with no crevices to trap bacteria and dirt.

## THERMOFORMABLE & VERSATILE

Can be thermoformed, molded, routed and shaped to accommodate both vertical and horizontal applications.

## EASY MAINTAIN

Easy to clean and does not need require sealing or special product for maintenance.

## DURABLE AND EASY TO REPAIR

Tough, durable material to withstand intensive daily use. Meganite can be easily renew and restore to its original appearance after heavy wear and tear.

## HEAT RESISTANT

Heat resistant but avoid direct heating on surface.

## JUMBO SIZE

Meganite Jumbo Size slabs measure a massive 48" X 144" X 1/2" (1220 X 3660 X 12 mm). These solid surface slabs can create a maximized kitchen island with no or minimal seaming.

Why Choose Jumbo Size?

- ▶ Minimal Seaming
- ▶ Less Waste
- ▶ Reduced Labor Time
- ▶ Better Project Yield

Bacteria Resistant Surface

AcryMed Surface

\*Disclaimer: AcryMed protects the product itself against stain and odor causing bacteria. AcryMed does not protect users or others from disease-causing bacteria. Always clean the product thoroughly after use.

# ANTIMICROBIAL SURFACE

## ACRYMED

AcryMed is an advanced antimicrobial acrylic solid surface material specially developed to enhance the current solid surface benefits and improve indoor environment surfaces by protecting the surface against deterioration, stains and odor causing bacteria.

# REDUCE SCRATCH VISIBILITY ON DARK COLORS

## X SERIES

Meganite's new X series greatly improves dark color performances. Making them stronger than ever. The X Series significantly reduces the appearance of scratches using a new blend of particles to give dark colors a richer appearance and reduces the sanding time to achieve your desire finish.

### OTHER DARK SOLID SURFACE

Highly visible white scratches

Reduce visible dark scratches

### X SERIES

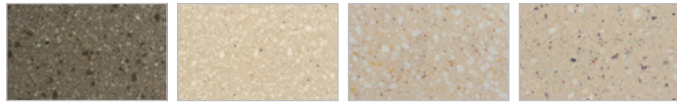

AcryMed is certified quality in accordance with ISO 22196 and JIS Z 2801 and tested 99.9% effective against:

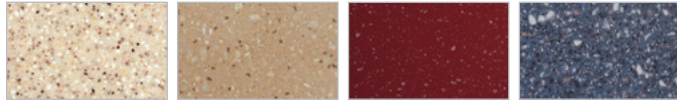

- ▶ ATCC 33591 Staphylococcus aureus subsp. Aureus (MRSA)
- ▶ ATCC 8739 Escherichia Coli
- ▶ ATCC 9027 Pseudomonas aeruginosa
- ▶ ATCC 4352 Klebsiella pneumoniae

## NOTES

1. Measurements are inside-bowl dimension: length x width x depth.
2. Photos of Meganite color samples can look different from actual color samples. Each color represented although close to reality, should be considered purely indicative due to print limitations. Color appearance will vary based on lighting conditions and angle of review. Meganite cannot be held responsible if the end product has slight aesthetical difference.
3. Actual product measurement may vary 5 mm due to product enhancement.

## NOTES

1. Photos of Meganite color samples can look different from actual color samples.
2. Visual inspection and approval of actual color samples must be done prior to placing an order and fabrication.
3. Bright, vibrant and dark colors are not suitable for applications as normal usage will show signs of wear and will require more attention.
4. 508SA, 519SA, 703SA, 704SA, M021, M022, M023 are colors that appear lighter or darker depending on viewing angle. Consider specifying stacked edge and v-groove cove/edge.
